TOOL BAG

FACILITY

Tool kit with
37 tools
and space for
additional
tools

Dimension inside: 300 x 230 x 140 mm
Dimension outside: 325 x 250 x 160 mm
Volume capacity: ca. 10 Liter
Weight empty case: ca. 1.500 g
Weight with tools: ca. 4.140 g

The ideal companion for mobile use of tools. Because of the shoulder strap, the hands are free for other tasks. Thanks to its compact design, the bag can also be used for example on ladders etc. The tool set includes the most important tools and is suitable for most repairs.

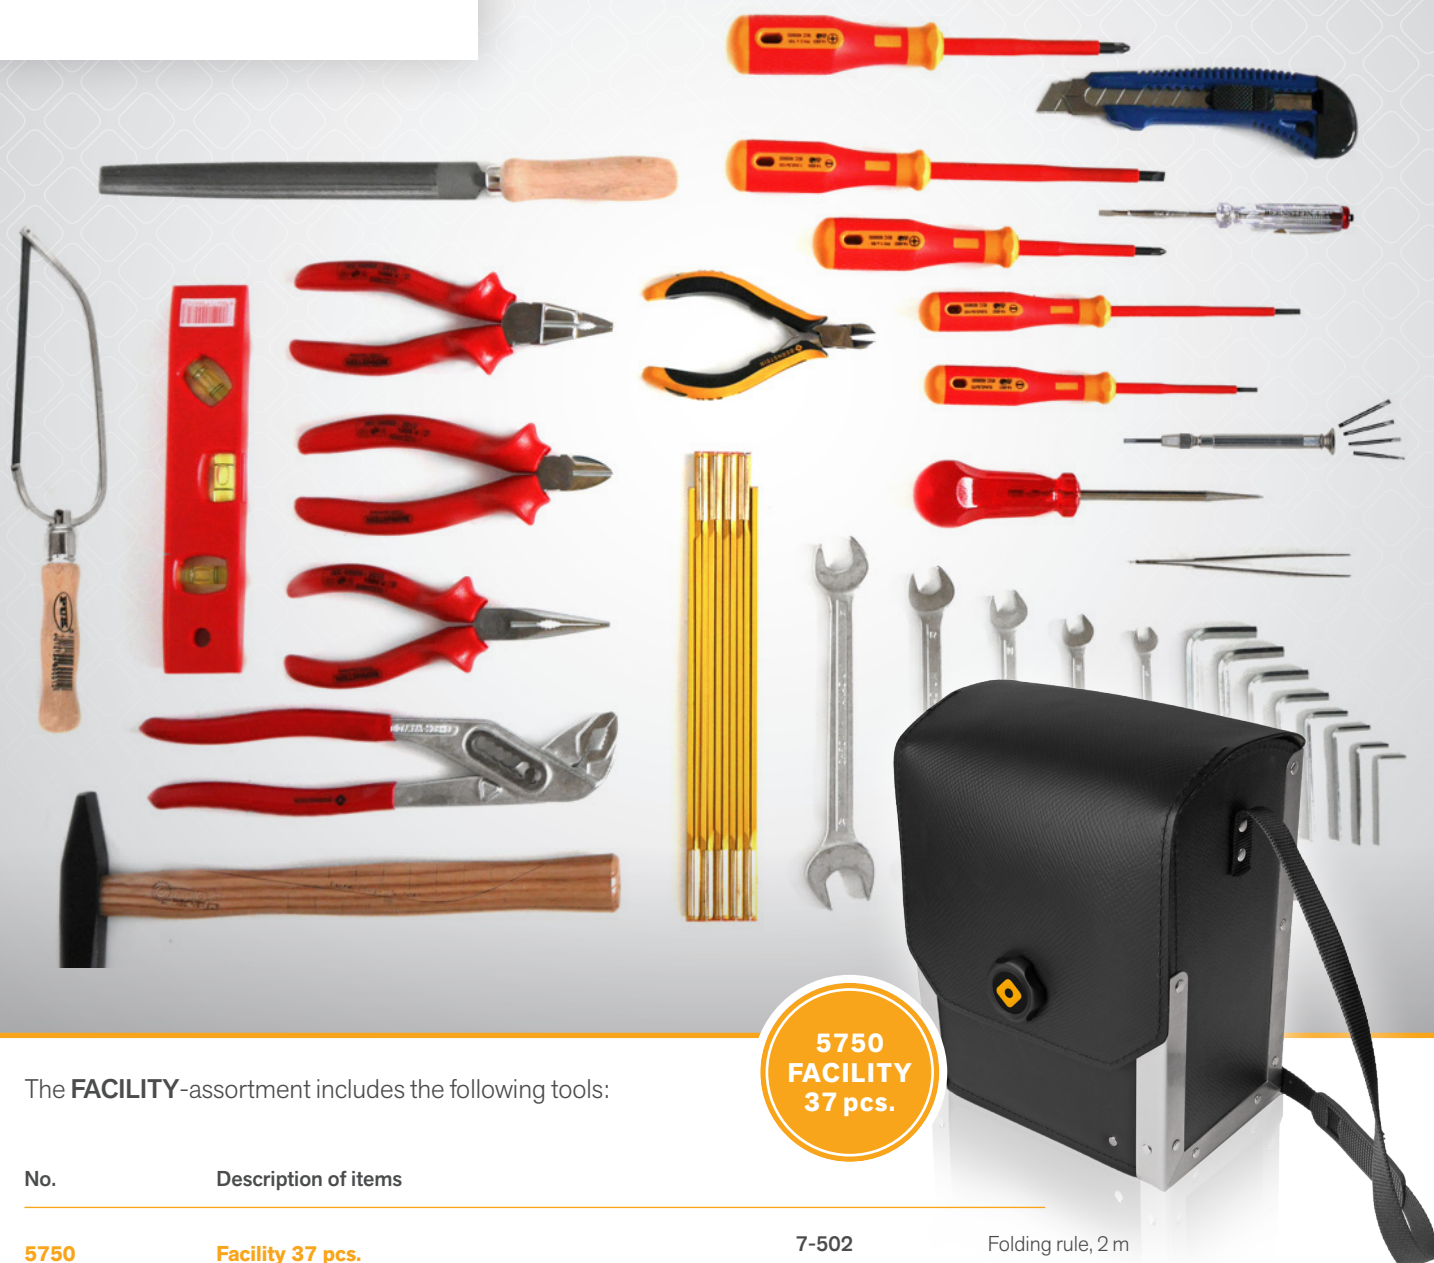

The compact shoulder bag made from genuine leather is equipped with adjustable shoulder strap and shoulder pad. The bag body is reinforced with aluminium frame and is sealed with the patented magnetic look (single-hand operation). Front, rear and middle wall are equipped with a total of 17 pouches for tools. The transparent compartment in the lid has capacity for documents.
