

# Tool case set XXL III electric Discover new worlds.

**wiha**   
Tools that work for you

Retailer version

**NEW**

# The intergalactic eye catcher

# ...even in your sales room.

Extensive range of tools for electrical applications

Shock absorbers prevent unintentional closing

Free personalization at myWiha

Extra large storage compartment

Recommended by German doctors and therapists

Mobile workbench with measuring and sawing aid

Trolley function for stairs and rough terrain

Ergonomic excellence!

Ergonomic excellence!

\* Testet and recommended by the forum: Gesunder Rücken - besser Leben e.V. and the Federal Association of German Back Schools (BdR). More information from: AGR e.V., Aktion Gesunder Rücken e.V., Stader Str.6, D-27432 Bremervörde, Tel. +49 4761 926 358 0, www.agr-ev.de

# Completely weightless - reach for the stars.

On steps and rough terrain, the trolley case proves its unbeatable superiority thanks to its large wheels. It glides effortlessly and weightlessly over every obstacle.

No matter where you are, you always have a ladder with you. In seconds, the legs are unfolded.

The practical step enables safe access on top of the case.

# No matter where the journey goes - the workbench is with you.

No more folding ruler necessary!  
A scale for inches and centimetres  
makes it easier for you to cut  
workpieces to length safely and  
cleanly directly on the construction  
site. The V-shape of the measuring  
and sawing aid ensures a secure hold.

## **Protects your health**

Elevated position for removing tools from  
the case due to the extendable legs.

## **Protects your health**

Ergonomic handle design makes work easier  
and prevents occupational illnesses.

## **Increases your efficiency**

A wide range of tools – so the right one is  
always to hand when you need it.

## **Protects your health**

Wiha pliers require less force and reduce pressure on  
wrists. Ergonomic handle design makes work easier  
and prevents occupational illnesses.

## **Increases your flexibility**

Ample space for additional tools and  
lots of storage for small parts and  
machines.

**wiha**   
Tools that work for you

**Increases your work quality**

Exact sawing of material at the construction site thanks to a V-shaped incision with a scale in the lid of the case.

**Increases your safety**

International award-winning VDE-insulated tools, each individually tested at 10.000 V AC and approved for use at 1.000 V AC.

**Simplifies your work**

When the legs are folded out, the case serves as a stable and slip-proof step for working on higher locations.

**Protect your health**

On stairs and rough terrain the trolley moves comfortably and smoothly thanks to its large wheels.

# The space miracle.

For the many small and large things that you really don't want to do without anywhere, the XXL III case offers enough individually adaptable storage space.

Holding points for magnetic work lights are located in the lid and in the pull-out handle.

Personalize your Wiha electrician case with your own personal sticker. Simply register at [my.wiha.com](http://my.wiha.com) and receive free stickers.

[wiha.com/xxl3](http://wiha.com/xxl3)  
@ #wihaxxl3

For larger customers: Promote your company "on a grand scale". With an order of at least 100 cases you will receive your own company logo on the XXL III lid.

Shock absorbers open the case as if by magic and prevent unintentional closing.

The elevated position of the case due to the extendable legs allows a comfortable removal of the tools.

# Lots of space. Lots of tools.
