FAST HAS NEVER BEEN SO UNIQUE.

speedE^{II}
THE E-SCREWDRIVER

You know speedE[®] as the first e-screwdriver from Wiha, with which you can work more efficiently and in a healthier way. Wiha wouldn't be Wiha if we left it at that. Therefore we are now presenting the new speedE^{®II} – even faster, even stronger and even more versatile.

Since the new speedE^{®II} has two power levels, 0.4 Nm and 1.0 Nm, it opens up a new application bandwidth. The integrated material protection function ensures safety at both performance levels. With the new speedE^{®II}, Wiha shows that you can always do everything a little bit better – making your work even easier.

THE ORIGINAL
FROM WIHA

**Work safely
till 1.000 VAC**

**3 times faster
than by hand**

**Hand and muscle-
friendly work**

**Strong LED
ring light.**

**Made in
Germany**

**2 material
protection levels**

NEW
MORE
POWER

FAST HAS NEVER BEEN SO POWERFUL.

Material protection function at 1.0 Nm: Perfect for larger threaded screws.

Thanks to the new 1.0 Nm power level, speedE®II is now also the ideal tool for fastening tasks requiring greater force. Wherever larger threaded screws are used, with speedE®II you can complete the job 3 times faster than with a conventional screwdriver.

FAST HAS NEVER BEEN SO SAFE.

Material protection function at 0.4 Nm: Perfect for larger delicate applications.

Where more sensitive fastening is required, the power level 0.4 Nm is selected. This allows even sensitive screw connections to be carried out in the shortest possible time, of course with the automatic material protection function, supported by the easyTorque torque adapter for particularly delicate screw applications.

FAST HAS NEVER BEEN SO VERSATILE.

speedEII
THE E-SCREWDRIVER

Faster, more efficient, more controlled: speedE[®]II is a small compact miracle of advantages, benefitting everyone in their daily work. And, like all Wiha tools, speedE[®]II has an exemplary ergonomic design, recommended for good reason by doctors and physiotherapists from the AGR – Campaign for Healthier Backs.

Increases your efficiency

100 % compatible with the Wiha Electric Vario Family.

Offers you full protection

slimBits tested at 10,000 V AC and approved for 1,000 V AC.

Simplifies your work

Maximum illumination of the working area thanks to ring LED light.

Ergonomically excellent!
* The AGR – Campaign for Healthier Backs seal of approval enjoys a high level of acceptance in the medical community.

Increases your speed

Thrice as fast thanks to electric drive.

Meets your requirements

Quality and durability made in Germany.

Maximum freedom of choice

Open system with a rechargeable standard battery (type 18500).

Protects your health

Recommended by the German doctors and therapists of the German Association for Healthier Backs.

2 MATERIAL PROTECTION LEVELS

FAST HAS NEVER BEEN SO MODULAR.
